Extinguishing Media	Treat as an oil fire. For small fire use CO ₂ , dry powder or foam. For large fire use alcohol-type foam, universal-type foam or water fog.		
Special Firefighting Procedure	Keep people away from fire and smoke, Wear full firefighting turn-out gear and respiratory protection (SCBA). Use water spray cool fire-exposed containers and structures. Do not direct a solid stream of water or foam into burning molten material; this may cause spattering and spread the fire.		
Unusual Fire and Explosion Hazards	This product will burn if involved in a fire. This product will float upon water, so water spray is not suitable extinguishing agents as it may cause fire to spread.		
SECTION 6 – ACCIDENTAL RELEASE MEASURES			
Small Spills	Not likely to occur in solid format. Sweep and scrap the spill.
